

White Star Quarry Tunnel Dive Plan

_____ I am certified as an advanced Open water diver and have received training to dive deeper than 60ft and can prove it.

_____ I am Equipped to dive in an overhead environment and will dive the tunnel with: (check all that apply)

- _____ Full Primary Cylinder(s)
- _____ Primary Light
- _____ Back up light
- _____ Reel
- _____ Redundant Air Source
- _____ Double Tanks with Manifold
- _____ Pony Bottle/ _____ Stage Bottle(s)
- _____ My buddy _____

_____ I understand the rule of thirds in regards to gas management

_____ I understand solo diving is not permitted in the tunnel.

_____ I agree to practice an out of air safety drill with my buddy prior to entering the tunnel.

_____ I understand the importance of a safety stop prior to ascending to the surface.

_____ I understand that the deepest part of the tunnel is considered the "entrance" and that I should start my dive in the tunnel from that point whenever possible.

_____ I understand the etiquette of overhead environment diving. Divers exiting the tunnel have right of way over divers entering the tunnel. Divers coming up from the deeper part of the tunnel to the shallower part of the tunnel are considered exiting.

_____ I Understand that this permit is only valid for today's date and that if I am found to be diving the tunnel without a valid permit I am trespassing and subject to prosecution.

_____ I understand that if visibility is limited and if I cannot see daylight at the end of the tunnel I should consider diving in the tunnel at another time.

_____ I understand that the tunnel is off limits at sunset regardless of the date on the permit. Night diving is not permitted in the tunnel.

_____ I agree to report any person or persons diving the tunnel without a permit and to not discount the privilege that the permit to dive the tunnel entails. I understand that failure to dive the tunnel responsibly may result in the tunnel being closed by the county in the future.

_____ I will do my best to discourage unqualified and untrained people from venturing into the tunnel connecting the Crusher pit with the block house near the north east corner of the quarry. I will reiterate that this tunnel is off limits and that to violate this tunnel is considered trespassing by the local rangers unless written authorization to dive there is obtained.

I agree to follow the points of this permit. I understand that this permit is good only for the date that it is issued and that it must be returned when I complete my dive. I understand that diving in overhead environments is hazardous and accept full responsibility for my actions.

Diver Signature: _____ Date: _____

Printed Name: _____

DAN Tag # _____ Returned to : _____
